

Corporate Use

Asia

Cambridge ESOL provides English qualifications that are recognised by thousands of employers, universities and colleges and are taken in more than one hundred and thirty countries. Cambridge ESOL is a department of the University of Cambridge.

The range of Cambridge ESOL examinations includes internationally known certificates and assessment services such as the Certificate of Proficiency in English (CPE), Certificate in Advanced English (CAE), First Certificate in English (FCE), Preliminary English Test (PET), and Key English Test (KET), as well as the Business English Certificates (BEC) and the Business Language Testing Service (BULATS). All of these examinations assess the ability to communicate effectively in English in realistic situations, and cover all four language skills – Reading, Writing, Listening and Speaking – so that they provide the ideal preparation for learners who need to use English in their professional lives.

The Cambridge ESOL examinations are linked to the Association of Language Testers in Europe (ALTE) levels for language assessment and to the Council of Europe's Common European Framework of Reference for Languages.

For more information on the Cambridge ESOL examinations, visit our website at www.CambridgeESOL.org or contact ESOL Information, University of Cambridge ESOL Examinations, 1 Hills Road, Cambridge, CB1 2EU, United Kingdom.

The following companies and organisations in Asia have formally recognised or used one or more of the Cambridge ESOL examinations, either for staff recruitment or as part of their training and staff-development programme. Visit <http://www.cambridgeesol.org/recognition/search.php> to search the recognition database online.
