

Teaching Qualifications – Stepping Stones in your career ...

As the European Union grows even closer, the need for high-quality foreign language instruction is growing as well. In addition, educators are increasingly called upon to document their teaching ability. Cambridge ESOL offers teachers of English several levels of internationally recognised certification designed to meet these challenges. This talk will introduce these teaching awards such as TKT (Teaching Knowledge Test), CELTA (Certificate in English Language Teaching to Adults) and DELTA (Diploma in English Language Teaching to Adults).
