

**Meeting the Challenge of Advanced English  
with the Cambridge ESOL Certificates**

The Cambridge ESOL Certificate in Advanced English (CAE) reflects proficiency in English at the C1 level on the Common European Framework of Reference and is widely recognised by employers and institutions of higher education as fulfilling English language requirements at this level.

This seminar will provide a brief general introduction to the Cambridge ESOL certificates, then take a closer look at the CAE examination in particular. The five CAE papers together elicit an all-round performance reflecting real-world language needs at the C1 level. We will explore the formats and the skills they require – and en route collect a few practical ideas for activities to help students develop these skills.

**This seminar is of particular interest for:**

Teachers of students at the higher levels of ability (e.g. *Abitur* students majoring in English, VHS Advanced classes) with an interest in preparing candidates for a standardised examination with international recognition.

Termin: 20 November 2010, 10.15 – 17.00 Uhr  
Ort: Volkshochschule Rendsburg, Paradeplatz 11, 24768 Rendsburg  
Leitung: Gillian Horton-Krüger  
Teilnahmebeitrag: 15,-€
